Safety and quality.

At Mercedes-Benz the vision of accident-free driving is paramount. Because where Mercedes-Benz vehicles are concerned, we take the same uncompromising approach to safety as we do to driving pleasure. There are no compromises when it comes to developing the range of Genuine Accessories either. Perfectly tailored to your vehicle and extensively tested by our engineers, the products not only make an active contribution to your safety but also protect other road users.

The star logo has always signified allure, perfection and responsibility – attributes which are also reflected in the quality of our accessories, all of which further enhance our vehicles' style or sportiness – not to mention their already outstanding comfort. That special sense of design, zeitgeist and attention to detail make a vehicle a true Mercedes-Benz. From that first outward impression to the inner attributes. Quality you can sense just by looking, listening, touching – and of course driving.

Because of differences in national regulations, various different versions of each vehicle exist. Please also bear in mind that vehicle development is permanently ongoing. As a result, not all of the wheel/tyre combinations shown in this brochure will be approved for your particular Mercedes-Benz. Your Mercedes-Benz partner has access to constantly updated information on every Mercedes-Benz wheel, including the relevant technical inspection findings and licensing conditions, and will be happy to advise you.

Light-alloy wheels are supplied without tyres, wheel bolts, valve caps or hub caps.
Any necessary assembly may incur additional costs.

* Not compatible with snow chains.

Choose your favourite wheels online. Our Accessories Configurator shows you at a click of the mouse how the various Mercedes-Benz light-alloy wheels will look on your vehicle. Visit our website at <http://configurator.mercedes-benz-accessories.com>.

<p>01 Universal smartphone holder¹. The universal smartphone holder allows you to use a variety of different phones in conjunction with the vehicle's external aerial. The size of the holder can be altered at the upper and lower edge to offer the optimum fit for each smartphone. The holder is fitted to the pre-installation in the centre console as normal and the smartphone is connected to the audio system via Bluetooth®. The inductive aerial in the holder, together with the connection to the external aerial, ensures optimum reception during phone calls or when using the internet. Separately available charging cables with micro USB or Lightning connectors allow you to charge your smartphone in conjunction with the universal smartphone holder. These cables have a specially shaped plug which is ideal for use in your vehicle's centre console. A list of currently supported phones can be found at www.mercedes-benz.com/connect.</p>	A222 820 6401
<p>Charging cable with micro USB connector not pictured.</p>	A222 820 6601
<p>Charging cable with Lightning connector not pictured.</p>	A222 820 6701
<p>02 Mobile phone holders. When it comes to selecting a mobile phone for your Mercedes-Benz, you've never had so much choice. A simple click! is all it takes to replace the mobile-phone holder. It takes a matter of seconds and is as straightforward as inserting the mobile into the holder itself. Changing your mobile and even alternating between different models of mobile no longer presents a problem. Enjoy the advantages of Convenience Telephony to the full. Holders are available for a range of popular mobiles. A list of currently supported phones can be found at www.mercedes-benz.com/connect.</p>	
<p>E.g. for iPhone® 5/5s.</p>	A212 820 0200
<p>03 Media Interface, incl. consumer cable set. Control your iPod®, your iPhone® or other devices with a micro USB connection via the multifunction steering wheel or your audio system. Display the song, artist or album/playlist of your choice in the instrument cluster or your audio system's monitor. And charge your device's battery – via the universal interface in the centre console. For further information, go to www.mercedes-benz.com/connect.</p>	A222 820 8800
<p>04 Mercedes-Benz Bluetooth® (SAP)^{1,2} telephone module. The telephone module ensures that the multimedia system has a fast, stable and secure internet connection via the integral UMTS module and the direct link to the vehicle's external aerial. You can simultaneously talk on the phone, use Mercedes-Benz Apps and have your text messages read aloud. The telephone module can be used as a permanently installed telephone or as a data modem with all the functions of Code 386: it is operated via your multimedia system and uses the personal contact details on your mobile phone's SIM card. With USB interface for power supply. The telephone module can be operated via the SIM card in your mobile phone or by inserting a SIM card directly into the module.</p>	A212 906 6303

¹ Only in conjunction with Convenience Telephony or Universal Telephony package (Code 386). ² SAP (Sim Access Profil) allows the system to read your mobile phone's SIM card.

Any necessary assembly may incur additional costs.

Less haste, more enjoyment of the journey.

Luxury lounge for even the smallest passengers. Child safety.

If your vehicle is equipped with the automatic front-passenger airbag deactivation system (Option Code U10), a weight-related classification is applied. If a rear-facing child seat is fitted, the front-passenger airbag is deactivated, while in the case of a forward-facing child seat the front-passenger airbag is activated or deactivated according to the outcome of the weight classification. The system

operates when the i-Size/ISOFIX anchor points are used as well as when only the seat belt is used to secure the child seat. Mercedes-Benz child seats are available in the “Limited Black” design. The covers are washable and very hardwearing. Replacement headrest covers are available for the “BABY-SAFE plus II”, “DUO plus” and “KIDFIX” child seats in chilli red and flannel grey.

	Article number
01 “KIDFIX” child seat. Booster seat with height-adjustable backrest with side bolsters for side-impact protection. The “KIDFIX” seat can be secured using the the ISOFIX attachment system as well as the three-point seat belt. For children between the ages of around 3.5 and 12 (15 to 36 kg).	A000 970 3800 9H95
02 “KIDFIX XP” child seat, with ISOFIT. Support and safety, for older children too: the quality “KIDFIX XP” child seat is suitable for children between the ages of around 4 and 12 years (15 to 36 kg) and is securely attached to the vehicle by means of the 3-point seat belt or ISOFIT. If required, the backrest can be removed so that the “KIDFIX XP” can be used as a booster seat.	A000 970 6100
03 “DUO plus” child seat. Offers safety for infants between the ages of about 9 months and 4 years (9 to 18 kg). Fitted as standard with Top Tether, an additional strap for securing the head section, as well as a height-adjustable harness, ventilation channels and ISOFIX attachment points. Adjustable tilt.	A000 970 3700 9H95
04 “BABY-SAFE plus II” child seat. Enhanced safety courtesy of deep, moulded seat design with excellent side-impact protection. Special padding, designed to protect particularly vulnerable body areas of infants of up to about 15 months in age (up to 13 kg).	A000 970 3600 9H95
Headrest cover. For “KIDFIX” child seat.	
05 chilli red	A000 970 0256 3E16
06 flannel grey	A000 970 0256 7N37
Headrest cover not pictured. For “DUO plus” child seat.
