Interior

Safety and quality.

At Mercedes-Benz the vision of accident-free driving is paramount. Because where Mercedes-Benz vehicles are concerned, we take the same uncompromising approach to safety as we do to driving pleasure. There are no compromises when it comes to developing the range of genuine accessories either. Perfectly tailored to your vehicle and extensively tested by our engineers, the products not only make an active contribution to your safety but also protect other road users.

The star logo has always signified allure, perfection and responsibility – attributes which are also reflected in the quality of our accessories, all of which further enhance our vehicles' style or sportiness – not to mention their already outstanding comfort. That special sense of design, zeitgeist and attention to detail make a vehicle a true Mercedes-Benz. From that first outward impression to the inner attributes. Quality you can sense just by looking, listening, touching – and of course driving.

Exterior.

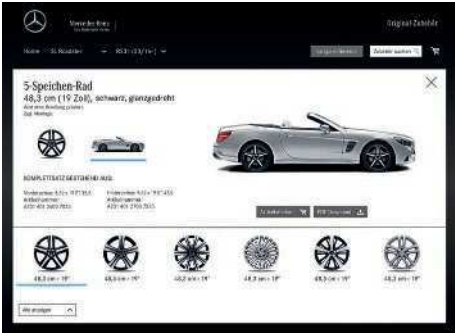

Legendary leader: the SL is the spearhead in the roadster segment. Depending on your preferences, use the genuine accessories to underscore the uncompromising dominance of your Mercedes-Benz SL or simply add subtle, yet all the more specific, highlights. But one thing is already certain: it's time to marvel again. Impressive, resolute, individual.

The Ah! And Oh! Genuine wheels.

Because of differences in national regulations, various different versions of each vehicle exist. Please also bear in mind that vehicle development is permanently ongoing. As a result, not all of the wheel/tyre combinations shown in this brochure will be approved for your particular Mercedes-Benz. Your authorised Mercedes-Benz dealer has access to constantly updated information on every Mercedes-Benz wheel, including the relevant technical inspection findings and licensing conditions, and will be happy to advise you.

Choose your favourite wheels online. Our Accessories Configurator shows you at a click of the mouse how the various Mercedes-Benz light-alloy wheels will look on your vehicle. Visit our website at <http://configurator.mercedes-benz-accessories.com>.

<p>01 Universal smartphone cradle¹. The universal smartphone cradle allows you to use a variety of different phones in conjunction with the vehicle's external aerial. The size of the cradle can be altered at the upper and lower edge to offer the optimum fit for each smartphone. The cradle is fitted to the pre-installation in the centre console as normal and the smartphone is connected to the audio system via Bluetooth®. The inductive aerial in the cradle, together with the connection to the external aerial, ensures optimum reception during phone calls or when using the internet, for example MB Apps or internet radio. Separately available charging cables with micro USB or Lightning connectors allow you to charge your smartphone in conjunction with the universal smartphone cradle. These cables have a specially shaped plug which is ideal for use in your vehicle's centre console. A list of currently supported phones can be found at www.mercedes-benz.com/connect.</p>	A222 820 6401
Charging cable with micro USB connector not pictured.	A222 820 6601
Charging cable with Lightning connector not pictured.	A222 820 6701
<p>Mobile-phone cradles¹ not pictured. When it comes to selecting a mobile phone for your Mercedes-Benz, you've never had so much choice. A simple click! is all it takes to replace the mobile-phone cradle. It takes a matter of seconds and is as straightforward as inserting the mobile into the cradle itself. Changing your mobile and even alternating between different models of mobile no longer presents a problem. Enjoy the advantages of Convenience Telephony to the full. Cradles are available for a range of popular mobiles, for example: Apple®: iPhone® 5, iPhone® 4s, iPhone® 4. BlackBerry: 9790 Bold, 9900 Bold, 9780 Bold, 9700 Bold.</p>	
e.g. for iPhone® 5/5s.	A212 820 0200
<p>02 Mercedes-Benz Bluetooth® (SAP)^{1, 2} telephone module. The telephone module ensures that COMAND Online has a fast, stable and secure internet connection via the integral UMTS module and the direct link to the vehicle's external aerial. You can simultaneously talk on the phone, use Mercedes-Benz Apps and have your text messages read aloud. The telephone module can be used as a permanently installed telephone or as a data modem with all of the functions of Convenience Telephony (code 386): it is operated via your multimedia system and uses the personal contact details on your mobile's SIM card. With USB interface for power supply. The telephone module can be operated via the SIM card in your mobile phone or by inserting a SIM card directly into the module.</p>	A212 906 6303
Europe navigation update for COMAND Online ³ not pictured.	on request

¹ Only in conjunction with Universal Telephony (code 386). ² SAP (SIM Access Profile) enables the module to read your mobile phone's SIM card. ³ For the latest navigation updates, visit our online shop at <http://shop.mercedes-benz.com>. Orders can only be placed and deliveries made within Germany.

Perfection begins in the detail.

Interior accessories.

In sport it’s the small things that can make a difference. A guiding principle which the thoroughbred SL sports car with its genuine interior accessories follows like no other. Even climbing in is a true highlight: you enter the interior over the elegantly machined, illuminated door sill panel as though on a red carpet of light.

And all this in hallmark roadster style – in what feels like record time. But not only that: thanks to their timeless design even the high-quality floor mats make it an experience when your right foot glides towards the accelerator for the first time, putting the Mercedes-Benz SL’s perfection on the road in all its glory.

Safety for the little ones. Writ large.

Child safety.

If your car is fitted with the automatic passenger airbag shut-off (optional extra code U10), there is a weight-dependent classification. In the case of rearward-facing child seats the passenger airbag is deactivated, and in the case of forward-facing child seats the passenger airbag is activated or switched off. The system functions both when using the i-Size/Isofix attachment and when exclusively using

the seat belt for anchorage of the child seat for anchorage of the child seat. Mercedes-Benz child seats are available in the “Limited Black” design. The covers are washable and very hardwearing. Replacement headrest covers are available for the “BABY-SAFE plus II”, “DUO plus” and “KIDFIX” child seats in chilli red and flannel grey.

	Article number
01 “KIDFIX” child seat. Booster seat with height-adjustable backrest with seat side bolsters for side-impact protection. The “KIDFIX” seat is secured using the three-point seat belt and ISOFIT attachment system. For children between the ages of around 3.5 and 12 (15 to 36 kg).	A000 970 3800 9H95
02 “DUO plus” child seat. Offers safety for children between the ages of around 9 months and 4 years (9 to 18 kg). Fitted as standard with top tether, an additional belt for securing the head section, a height-adjustable harness, ventilation channels and ISOFIX attachment points. Tilt-adjustable.	A000 970 3700 9H95
03 “BABY-SAFE plus II” child seat. Offers safety through deep, moulded seat design for high side-impact protection. Special padding, designed to protect particularly vulnerable body areas of children up to around 15 months (up to 13 kg).	A000 970 3600 9H95
Headrest cover. For “KIDFIX” child seat.
